4. DISCUSSION

The Boston Community Improvement District (Boston CID), was established in 2020 and is now applying for their second term as the current term expires on 30 June 2025.

In terms of section 27 of the City Improvement District By-law - promulgated as per Provincial Notice No. 8743, Council received an application on 01 January 2025 to extend the term of the Boston CID from 1 July 2025 to 30 June 2030 (attached as annexure A).

The new Business Plan consists of a Motivation Report that defines the need and framework required to provide supplementary municipal services, an Implementation Plan proposing relevant action steps to implement the services and the 5-year Budget which reflects the funding required to provide these services (attached as annexure B).

The Business Plan proposes a continuation of the same services as implemented during previous years, with the addition of a law enforcement officer. To accommodate this new service there will be a 12% increase in the additional rates required to fund the budget in the first year and increases in the outer years of 8% without compromising service delivery.

The Boston CID budget is funded by the property owners (additional ratepayers) and collected by the City in a sustainable manner as additional rates. This is in terms of section 22(1)(b) of the Local Government: Municipal Property Rates Act (MPRA), Act 6 of 2004 which allows the City of Cape Town to impose the additional rate on the properties in the Boston CID. These contributions are proportionately based on property values. The required additional rates are modelled before finalisation of the new Business Plan to ensure affordability and sustainability in continued service delivery.

In terms of section 27(2)(b) of the CID By-law, members of the management body, additional ratepayers and the local community must be notified and included in a consultation process before the renewal application is submitted to the City. Accordingly, the Annual General Meeting (AGM) held on 24 October 2024 was advertised in two daily newspapers on 27 September 2024 and a notice with the agenda was sent to all additional ratepayers and stakeholders (refer annexure C). The term extension was a key item on the AGM agenda, with all relevant documents readily accessible on the Boston CID website. Additionally, these documents were made available for in-person inspection at the Boston CID offices.

The term extension as per the new Boston CID Business Plan (1 July 2025 to 30 June 2030) was supported and unanimously approved by the members of the Boston CID as per the AGM draft minutes (refer annexure D) as informed through the successes achieved in the previous term as evidenced in their Annual Report.

The Business Plan was available to members of the management body, additional ratepayers and local community for inspection for a period of 30 days after the conclusion of the AGM, requesting them to make written comment or objection. No objections or comments were received and therefore no further amendments were made to the Business Plan (refer annexure E).

POPIA Compliance Yes It is confirmed that this report and the content of the annexures have been checked and considered for POPIA compliance.

PART A: MOTIVATION REPORT

Introduction

The Boston Community Improvement District (Boston CID) was formally established in 2020 to provide supplementary and enhanced municipal services in close cooperation with the City of Cape Town and the South African Police Services (SAPS). These include public safety, cleaning services, environmental upgrading, urban maintenance, and social upliftment.

The Boston CID is a non-profit company (NPC) which is funded by an additional rate levied on residential and commercial properties situated within the Boston CID. CIDs are approved by the City of Cape Town's Council in terms of the CID By-law and Policy. Boston CID property owners will be able to influence how money is spent in the area. Monies spent through the CID will create local employment opportunities and support local NGO's.

Also, importantly, is that the Boston CID works with the Greater Tygerberg Partnership (GTP) that was created by the City of Cape Town in August 2012. The GTP pursues the goal of an inclusive and economically prosperous greater Tygerberg region in which the Boston CID falls. The GTP delivers on these strategic goals with the support of surrounding CIDs including Boston CID.

The Boston CID doesn't only delivers these supplementary and enhanced municipal services for the property owners but for all who use the Boston CID as an area to work, live and socialize in. For example, all commercial and residential property owners and their tenants, visitors to the Boston CID, commuters, shoppers, students, and office workers etc. are directly affected by the work being done by the Boston CID to ensure a safe, clean, and sustainable Boston.

With its second term renewal imminent, the Boston CID is positioning itself to address the ongoing issues impacting the area, noting that further developments in the area will increase the potential for urban infrastructure damage, traffic congestion, littering and increased opportunities for crime that may impact the entire area.

Achievements since the establishment of the Boston CID

- The Boston CID has achieved unqualified audits since inception in 2020.
- Certificate of Recognition from the SAPS Bellville as the CID of the year.
- Certificates of Recognition and Appreciation from Ward Counselor.
- Certificates of Appreciation were received from Bellville SAPS.
- Reduced crime significantly in the area.
- Implementation of Fencing and CCTV.

Boston CID Vision

The Boston CID's vision is to establish Boston as one of the most sought-after areas in the Metropole.

Boston CID Mission

The Boston CID mission is to ensure:

- continuous and sustainable improvements to the public safety of its residents, businesses, and visitors;
- the Boston community can enjoy safe and clean public areas;
- the area retains its peaceful, residential, family friendly, close to nature and suburban character;
- residents and visitors continue to respect the natural and built environment by keeping it clean and encouraging indigenous biodiversity; and
- community spirit is encouraged through regular communication and community events.

Boston CID Goals

The Boston CID will, in conjunction with relevant and appropriate stakeholders, supplement and enhance services as detailed in this Business Plan, for the benefit of residents, businesses and visitors to the area. In years to come the CID will be a self-sustaining mechanism to improve safety and enhance the Boston area from an infrastructural perspective, as well as desirability.

The Boston CID's goals are:

- To improve public safety.
- To promote and safeguard the interests of residents and businesses in the area.
- To take cognizance of the character of Boston as a residential, family orientated suburb.
- To address social issues in a unified, cooperative and sustainable manner.
- To build, uplift and protect the natural and built environment of the area.
- To ensure the area remains clean and free from litter and illegal dumping.
- To promote and ensure interaction with neighboring communities and organizations – and the greater community.

The core values of the Boston CID are focused on the delivery of supplementary and enhanced municipal services to the community of property owners and those who work and visit the area. The Board appointed staff and service providers aim to deliver these services cost-effectively and

sustainably. This requires consistent evaluation of the performance of the service providers and the execution of the day-to-day business of Boston CID in a transparent and accountable manner. Typically, this is achieved through:

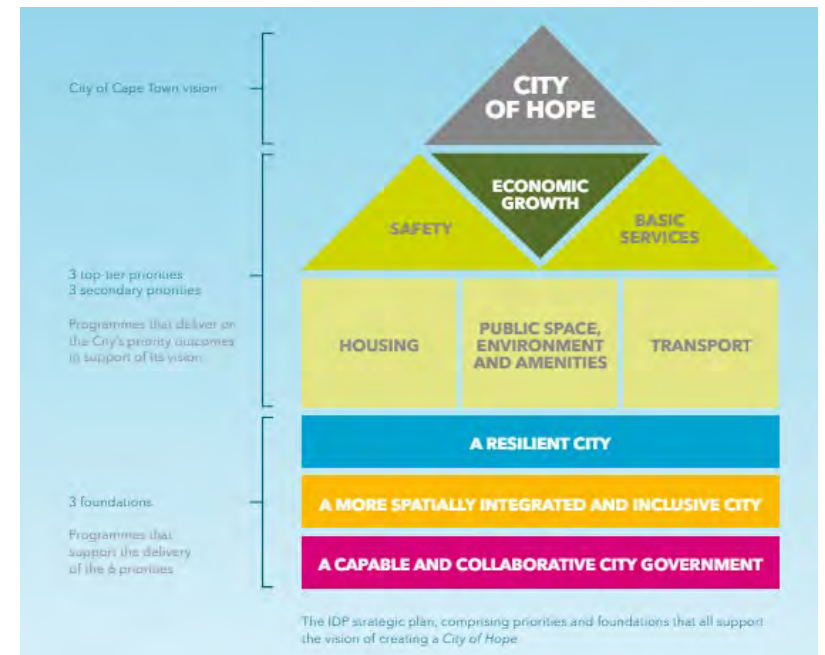

- rigorous reporting to the Board of Directors and the City of Cape Town;
- facilitation of local community participation in board meetings and members' meetings of the CID company;
- proper accounting and financial reporting that meet auditing standards;
- the submission of annual reports to the local community;
- collaboration with City departments, NGOs, SAPS, etc.; and
- publication of all relevant documentation online.

Consistency with Integrated Development Plan (IDP)

Introduction

The IDP of the City rests on 3 foundations, 3 second-tier priorities and 3 top-tier priorities. Together this supports the vision for the City of Cape Town's City of Hope. The IDP is based on the City's 16 objectives linked to its priorities and foundations. Boston CID's supplementary and enhanced municipal services are consistent with the City's IDP objectives with specific reference to the following programmes:

- **Safety.** The Public Safety plan supports effective Law Enforcement to make communities safer and this is supported using technology such as CCTV. The Public Safety plan also strengthens safety partnerships, thereby aiming for a holistic crime prevention programme as noted in Objective 5 and 6 of the IDP.
- **Economic Growth.** Boston CID is working towards the continuous development and improvement of the urban environment through public safety, cleaning, urban management, and social initiatives, all aimed at safeguarding and growing the existing businesses and economic opportunities thereby maintaining and creating employment opportunities. A well-maintained and managed area stimulates investment and Boston CID therefore directly supports further economic growth.
- **Cleaning and the environment.** The Boston CIDs urban cleaning, maintenance, and recycling plan supports the objectives of a healthy and sustainable environment. This is specifically aimed at the public space and amenities of the City, creating safe, quality public spaces whilst supporting environmental sustainability. The waste minimisation and cleaning activities provided as a supplementary and enhanced service further enhance the basic services provided by the City.
- **Urban Maintenance.** The Boston CIDs urban maintenance work also supports Objective 13 in the IDP through the maintenance of road and associated infrastructure thereby creating a better environment for pedestrians, cyclists, and vehicles alike.
- **Social Development.** The Boston CID supports the City's Social Upliftment Strategies to find lasting solutions for Social Development, which includes supporting individuals to move from the street into places of safety, support NGOs that provide social services and where possible create employment opportunities. Each of these priorities and objectives are considered within each of the main service areas of the Boston CID business plan and highlighted in each section.

Each of these priorities and objectives is considered within each of the main service areas of the Boston CID business plan and highlighted in each section.

PROPOSED SERVICES AND/OR PROJECTS

To address the needs of the area the Boston CID the following will continue to be addressed namely:

- The management of the Boston CID operations.
- The provision of public safety and security measures in the public areas only.
- The cleaning, greening, and maintenance of the public spaces in the area.
- In cooperation with the relevant City of Cape Town departments, actions will continue to address and monitor urban management issues related to the public infrastructure in the Boston CID.
- Through constructive partnerships with all the role-players in the Boston CID the recycling initiative will be continued to improve the sustainability of the businesses and potentially create employment opportunities and social upliftment in the area.
- Marketing and promotional efforts will continue to promote the Boston CID as a well-managed and functioning community.

Improving Public Safety

To improve public safety the Boston CID will maintain and build on its comprehensive and integrated public safety plan for the area in conjunction with an appointed service provider. Considering the contributions from other stakeholders such as the SAPS, Metro Police and Law Enforcement of the City of Cape Town, the following public safety plan is proposed for the Boston CID with the main aim to provide our residents with a safe and secure area. This plan involved the deployment of Public Safety Officers (PSOs) patrolling Boston on a 24/7 basis with the support of a 24/7 control room with 80 CCTV cameras strategically placed in Boston. One contracted City of Cape Town Law Enforcement Officer (LEO) is also included.

Public Safety Officers

Boston CID plans to contract two clearly marked patrol vehicles and one patroller on bicycle. Each vehicle will be manned by an armed PSO. The PSOs will wear Boston CID marked uniforms and act as the “eyes and ears” for the Boston CID crime prevention partners.

Additional training of PSOs is required to become knowledgeable on how to identify and report issues, first aid and first-responder training, communication skills and homeless outreach services. Beyond basic training, the PSOs develop a keen awareness and information of specific neighborhood safety issues including drug use and trade, gang presence, poverty, social issues, criminal activity, and behaviour. If required, PSOs also provide walking escorts to people entering businesses early or staff leaving work late or elderly and vulnerable people feeling insecure. Each vehicle will include two-way radio communication, a cell phone for each vehicle, as well as all other required equipment. The public will have 24/7 access to the Control Room for public safety emergencies on a dedicated landline supported by a cell phone for WhatsApp messages.

The public safety plan includes:

- Service Provider Contract manager
- 8 PSOs
- 2 Patrol vehicles, patrolling the area 24hours a day, 7 days a week
- 1 Bicycle PSO during nighttime from 18:00 to 06:00
- 1 PSO Saturday /Sunday from 6:00 to 18:00
- 3 Control room operators 24/7
- 1 Mobile command posts supplied by Boston CID
- 52 CCTV cameras, monitored at the Boston CID control room
- 21 License Plate Recognition cameras
- 7 Pan-Tilt-zoom
- Radio communication network between all PSO/vehicles and the Control room
- 1 City of Cape Town Law Enforcement Officer (paid for by the Boston CID)

CCTV surveillance

In addition to the PSOs, Boston CID has its own CCTV Control room which operates from the Boston CID offices, on a 24/7 basis. Boston CID has 7 Pan-Tilt-Zoom, 52 Overviews and 21 LPR cameras. All cameras are placed throughout Boston to provide the best footage and monitor hot-spot areas. Further expansion includes Overviews and LPR cameras strategically placed in Boston. SAPS and Law Enforcement make daily use of the Boston CID's surveillance capability, and this bolsters their efforts to combat criminal activities. Footage is also used as evidence against criminals who are apprehended by our partners. The cameras act and assist in deterring crime, recording of footage that can be used in a court of law, and assist in directing patrol vehicles to specific alerts from the CCTV to the Control room.

Assistance from the City of Cape Town

Boston CID will further enhance its public safety initiative through close cooperation with the Safety and Security Directorate of the City of Cape Town to link in with their initiative to support a safer public environment. This effort will be focused on utilising the services of a contracted LEO from the City of Cape Town to work with the PSOs only in Boston from Monday to Friday. This contracted service is made available to CIDs by the City of Cape Town. These officers:

- can enforce compliance with By-Laws and Policies;
- have powers of arrest;
- can issue appropriate fines for the transgression of City By-laws; and
- enhance the general safety and security in the CID.

Operational safety and security forum

In order to facilitate an integrated approach, Boston CID will continue its participation in the existing safety and security forum in association with the appointed public safety service provider. These actions will include coordination and cooperation with:

- The South African Police Services, particularly SAPS Bellville
- Local Community Policing Forum

- Boston Neighbourhood Watch and surrounding Neighbourhood watches
- City of Cape Town's Safety and Security Directorate
- Western Cape Government Department of Community Safety
- All private security companies operating within Boston CID

This forum will continue to encourage the involvement of members of the Boston CID, property owners, tenants, businesses and representatives of the above-mentioned organizations. This forum will continue to share pertinent information as well as trends or emerging threats. The forum is attended by the following stakeholder groups on a two-weekly basis:

- Contract manager of public safety service provider
- Boston CID management
- Sector Commander SAPS
- Metro Police
- Law Enforcement
- Traffic Services
- Boston Neighbourhood Watch
- Representatives of other private security companies operating within the area

The above public safety services as planned is in support of the IDP, directly supporting the top-tier priorities of Safety, Economic Development and Basic Services. The envisioned public safety services support Objectives 5 (Effective law enforcement to make communities safer) and 6 (Strengthen partnerships for safer communities).

The cost of the proposed public safety service during the five-year term is summarized below.

Description	Year 1	Year 2	Year 3	Year 4	Year 5	Total expenditure

Maintenance and Cleansing

Boston CID will provide a clean and attractive environment within its area of responsibility. This will be achieved by providing supplementary and enhanced cleaning services required in Boston. The CID will continue to make use of a local NGO as cleaning contractor – thereby addressing homelessness and cleaning. Boston CID plans to make use of two cleaning teams, 6 people in total in CID branded uniform, to ensuring that each street gets cleaned at least once a month. A cleaning team will consist of 2 x cleaners and a Team Leader who will work from Monday to Friday. All consumables, equipment such as brooms, forks, spades will be supplied by the contractor. A truck to remove bags and other rubble will be covered by the service contract with the NGO. The CID Manager will be conducting and promoting clean-up and sustainable development projects in the CID, ensuring that Boston is clean, tidy and well-maintained. City Contractors will continue to attend to public areas, parks and side verges to ensure these are kept free of litter and overgrowth which may be obscuring traffic visibility and /or sight lines of CCTV cameras, or pose security risks, which will then be cut back appropriately.

To establish the most effective cleaning plan the strategy will support existing waste management services, identify specific management problems and areas and assist in developing additional waste management and cleaning plans for the area.

Supplementary and enhanced services will be in partnership of the primary partners at the City of Cape Town, being Waste Services, Recreation and Parks, Environmental Health, Water and Sanitation, Spatial Planning and Design, Property Management and Wastewater amongst others.

The plan will be executed by establishing a team to:

- Decrease waste and grime in the area through a sustainable cleaning program.
- Provide additional street sweeping, waste picking and additional refuse collection in all the public areas.
- Removal of illegal posters, graffiti and stickers from non-municipal infrastructure.

Maintenance/ Urban upgrade will be improved by:

- Developing and implementing a plan to identify and monitor the status of public infrastructure such as roads, pavements, streetlights, road markings and traffic signs.
- Coordinating actions with the relevant City of Cape Town's departments to address infrastructure defects. This will be done through specific liaison with departments and officials in addition to the reporting and monitoring of repairs identified by the CID Manager.
- After a base level of repair and reinstatement has been achieved the Boston CID team will implement local actions to correct minor issues.

In addition, the urban management team will in consultation with the relevant City Departments assist with:

- Graffiti removal from non-municipal infrastructure where possible.
- Removal of illegal posters and pamphlets from public spaces and non-municipal infrastructure
- Painting of road markings and correction of road signs.
- Greening, tree pruning and landscaping.
- Kerb, bollard and paving reinstatements.
- Storm water drain cleaning where required.

The cleaning contingent will deploy the social upliftment team in various areas and rotate through the Boston CID. Team members will be recruited from homeless people seeking gainful employment and training can be facilitated to improve their skills and potential utilisation.

The cleaning and urban maintenance team who will wear Boston CID marked uniforms includes:

- 3 x Boston CID employed urban management workers for 8 hours per day for street cleaning and maintenance.
- 6 x workers for 6 hours per day for street cleaning and maintenance.
- The shifts will be run Monday to Friday from 08:00 to 15:00.

The Maintenance and Cleansing services as planned are consistent with Objective 4 of the IDP (Well managed and modernized infrastructure to support economic growth) specifically objective 4.7 promoting cleanliness and addressing illegal dumping. The BostonCID will work closely with the City of Cape Town regarding solid waste objective 4.5 (excellence in waste service delivery programme) and 4.6 (waste minimisation and recycling program).

The cost of the proposed maintenance and cleansing service during the five-year term is summarized below.

Description	Year 1	Year 2	Year 3	Year 4	Year 5	Total expenditure
Maintenance	R 30 000	R 32 400	R 35 000	R 37 800	R 40 800	R 176 000

Environmental Development

Boston CID will continue upgrading and beautifying public open space such as Frans Conradie Centre Island and parks in Boston with the planting of trees, waterwise plants and flowers. Boston CID will continue to maintain street verges and upgrading facilities such as park benches in public parks. These upgrades will be done in conjunction with the relative City Recreation and Parks Department. Cleaning and greening of public spaces such as Frans Conradie upgrade and parks will be managed as a supplementary and enhanced service.

Frans Conradie upgrade

Recycling Initiative

The City of Cape Town's Waste Services have embarked on various recycling projects incorporating waste drop-off facilities completely dedicated to recycling and/or the appointment of waste recycling companies that support the collection and recycling of waste from businesses. The Boston CID continues to develop and facilitate similar facilities and initiatives for the Boston area in support of the need for recycling programs, more specifically in partnership with the Greater Tygerberg Partnership and Mould Empower Serve (MES – an NGO based in the northern suburbs).

The Boston CID is working towards the continuous development and improvement of the urban environment through public safety, cleaning, urban management, and social initiatives, all aimed at safeguarding and growing the existing businesses and economic infrastructure.

The cleaning, urban management services and environmental development as planned are also in support of the delivery of basic services and processes of ensuring that waste materials do not enter drainage systems and the efforts to recycle collected waste supports this priority. This is in line with the Objective 4 of the IDP (Well-managed and modernised infrastructure to support economic growth) specifically objective 4.7 promoting cleanliness and addressing illegal dumping. The Boston CID will work closely with the City regarding solid waste objective 4.5 (excellence in waste service delivery programme) and 4.6 (waste minimisation and recycling program).

The cost of the proposed Environmental Development service during the five-year term is summarized below.

Polyphagous shot hole borer (PSHB) beetle

Since 2017, when the first report was received in South Africa of the tiny but seemingly invincible polyphagous shot hole borer (PSHB) beetle, also known as the tree-killing beetle, thousands of trees have died or had to be cut down in urban areas, native forests and more recently in fruit crops. It has been found that a number of susceptible species in Cape Town were in the southern suburbs. With 65 million urban trees at risk of dying in cities over the next three decades, unless the situation is controlled, the CID undertakes to notify the City if an infestation is detected in the area.

POLYPHAGOUS SHOT-HOLE BORER

WHAT IS A POLYPHAGOUS SHOT-HOLE BORER (PSHB)?

PSHB is a tiny invasive black beetle from Asia. It is smaller than a sesame seed but can have a devastating effect on trees.

Firewood can move invasive species like the Polyphagous Shot-Hole Borer which can kill trees.

HOW DOES THE POLYPHAGOUS SHOT-HOLE BORER AFFECT TREES?

The beetle tunnels into trees and lines the tunnels with fungus. The tunnelling and fungus kills the tree by obstructing the flow of water and nutrients through its vascular system.

PROTECT THE TREES IN ALL OUR NATURE RESERVES FROM THIS BEETLE BY:

- 

Only using firewood sold inside the reserve.
- 

Only bringing in and using eco-logs or charcoal as an alternative to wood to make fire.
- 

Not moving firewood to another location.

Report any signs of Polyphagous Shot-Hole Borer to pshb@capenature.co.za

Social and Economic Development

The social issues of the Boston CID remain varied and complex, and no single plan or approach will address these issues. The Boston CID will continue to coordinate social intervention actions with the various NGO's and social improvement organizations in the area and assist in the development of a comprehensive strategy for addressing social issues in conjunction with the City of Cape Town, all relevant social welfare organizations and institutions.

The Social Intervention Plan can only succeed by offering unemployed and/or homeless people access to psycho-social and rehabilitation services, affordable accommodation, re-unification with family and a predictable income. Therefore, the Boston CID's Social Development programme will continue into the next 5 years. Partnerships between the various CIDs and NGOs create a more cost-effective approach to the provision of a supplementary and enhanced service to the municipal cleaning services when large area clean-ups or specific maintenance tasks are required. It is therefore suggested that in addition to the permanent maintenance team the social work programme is used to deploy previously homeless people from NGOs for specific clean-up projects in the Boston CID area.

The social upliftment programmes as planned is in support of the IDP Social Development objectives. The Boston CID supports the City's Social Upliftment Strategies to find lasting solutions for social development, which includes supporting individuals to move from the street into places of safety, support NGOs that provide social services and where possible create employment opportunities. This is in support of Objective 15 (Building a more spatially Integrated and Inclusive City).

The cost of the proposed social and economic development during the five-year term is summarized below.

Description	Year 1	Year 2	Year 3	Year 4	Year 5	Total expenditure
Social and Economic Development	R 65 000	R 70 200	R 75 996	R 82 396	R 89 007	R382 599
TOTAL	R 65 000	R 70 200	R75 996	R 82 396	R 89 007	R 382 599

Communication

The focus will be on communicating with the members, businesses, and property owners of the Boston CID by:

- Maintaining an informative website.
- Distributing Boston CID newsletters reflecting the initiatives and successes.
- Promoting the Boston CID amongst the local businesses and residents.
- Promote community pride through the initiatives of the Boston CID in making the area cleaner and safer.
- Promoting the Boston CID through high visibility branding on the patrol vehicles.
- Promoting the Boston CID through high visibility uniforms with Boston CID branding for the patrol officers and Cleaning Teams.

The Boston CID is working towards the continuous development and improvement of the urban environment through public safety, cleaning, urban management and social initiatives.

5-Year Budget of the Boston CID

The detailed 5-year budget for the implementation and operations of the Boston CID is set out in Part C. It reflects the identified needs of the Boston CID operations in as cost effective a manner as possible. Income in the form of additional rates will be derived from all eligible properties in the area and this attracts VAT. Should property owners receive partial or full relief in respect of rates they would enjoy full exemption from payment of any Boston CID additional property rates. It is however incumbent on the property owner to seek such relief from the City under the City's Rates Policy.

Financial Impact of the CID

The Expenditure Budget for each year of the Business Plan:

YEAR	TOTAL EXPENDITURE	REVENUE (Funding Source: Additional Rates)	REVENUE (Other Funding Source e.g. Accumulated Surplus / Donations / Sponsorship / Parking etc.)	% INCREASE IN ADDITIONAL RATES REQUIREMENT
1	R 5 286 500	R 5 286 500	R	12 %
2	R 5 709 420	R 5 709 420	R	8 %
3	R 6 166 175	R 6 166 175	R	8 %
4	R 6 659 470	R 6 659 470	R	8 %
5	R 7 192 230	R 7 192 230	R	8 %

In line with the City's CID By-law, the Management Body is required to prepare a proposed annual budget for each successive financial year by the date and in the format required by the Executive Director based on the specific needs of the area as set out in the Business Plan. The budget is funded by an additional property rate levied on the municipal valuation of all properties within the CID boundary. Additional rates attract VAT @ 15%.

The property rate is calculated by the City annually during the City's budget process. The additional rate is expressed as a Rand-in-the-rand and is calculated by dividing the budget total with the total municipal valuation of properties in the CID.

The impact on individual property owners in the outer years of the CID term may vary due to valuation fluctuations caused by successful valuation objections, subdivisions, new developments, court amendments, implementation of a new General Valuation or Supplementary Valuation causing the CID budget to be spread over an increased or reduced total municipal valuation base.

The CID By-law allows for differentiated additional rates between categories of rateable property and as such a residential and non-residential additional rate is applicable in the CID.

Property owners who receive a full or partial rates rebate will not pay additional rates.

The budget and additional rates` are approved by Council with the City's budget and is applicable over a financial year, which starts on 1 July.

Individual contributions for residential and non-residential properties can be calculated as follows:

1. Municipal valuation x R 0.XXXXXXX = Annual contribution (VAT excl.) – Note: R 0.XXXXXXX represents the approved ID additional property rate.
2. Annual contribution (VAT excl.) ÷ 12 = Average monthly contribution (VAT excl.)
3. Average monthly contribution (VAT excl.) x 1.15 = Average monthly contribution (VAT incl.)

Proposed Management Structure

The Boston CID is managed by a board of directors, elected by the members of the Boston CID NPC. A Board of Directors consists of property owners within the Boston CID and political representatives from the City of Cape Town attending Board Meetings as an observers. The Board manages a Non-Profit Company (NPC), which is responsible for the management of the CID, within the framework of the approved Boston CID business plan and oversees the implementation thereof.

Elected Board members take responsibility for the various portfolios in the company and regular board meetings allow the directors to review current operations and apply corrective measures as required.

The Board appoints service providers and staff to manage the day-to-day operations within the Boston CID. The supplementary and enhanced municipal services provided by the Boston CID represent the actual needs of the area according to the vision of the property owners of the area. The services provided are decided upon by the property owners as Boston CIDs are property-owner driven.

The Boston CID will be managed by a CID Manager, appointed by the Board. The CID Manager reports directly to the Chairperson of the Board and will oversee the day-to-day delivery of the additional services according to the Business Plan.

All of the above is subject to monitoring and oversight by various departments in the City of Cape Town. The CID Branch also advises, monitors, oversees and provides guidance on administrative, financial, operational and governance compliance.

An Annual General Meeting (AGM) is held every year to review the performance of the Boston CID and to confirm the mandate of the members. The budget and implementation plan for the next year is also presented and discussed for approval at the AGM. The AGM also provides the opportunity to elect new directors to serve on the board of the NPC.

Permissible Amendments to the Business Plan

If, at any time, it was decided that the geographical boundaries of Boston CID needed to change or any other material change to the business plan, then such change would need to go through a formal process as required in terms of section 26 of the CID By-law.

If additional services are required, stemming from collaboration with City departments, which are not specified in the motivation report but deemed supplementary and enhanced municipal services, the business plan can be amended without further consent by submitting a request to the City in terms of section 25 of the CID By-law as long as it is not material.

The Boston CID is in the process of signing a Memorandum of Agreement with the Roads Infrastructure Management (RIM) Department, who is responsible for the management and maintenance of all road infrastructure assets falling under the auspices of the Urban Mobility Directorate. This agreement will allow Boston CID to seek permission to provide enhanced maintenance tasks related to road infrastructure.

There are currently no other plans to investigate or explore significant changes to the strategy or operations of the Boston CID and therefore no other such actions are noted here.

Should any significant changes be required, such changes will be subject to approval of the members of the Boston CID at an Annual or Special General Meeting.

Altesaam 43 mense, onder wie 37 kinders, het op verskeie plekke in 'n Indiese staat verdrink ten tyde van 'n Hindoe-fees waarop aanbidders in riviere en damme onderdompel word.

Die voorvalle het Woensdag in 15 distrikte van die staat Bihar op die Jitiya-fees plaasgevind, berig NDTV. Volgens die Indiese rampbestuur is 43 lyke tot dusver gevind.

“ 'n Soektog na die ander vermistes is nog aan die gang,” het die owerhede gister in 'n verklaring gesê.

Nitish Kumar, hoofminister in Bihar, het sy medelye uitgespreek met die gesinne wat geraak is en vergoeding beloof vir die naasbestaandes van die slagoffers, berig *India Today*.

Die Jitiya-fees word deur moeders gevier wat welstand en voorspoed vir hul kinders toewens. Die fees gaan gepaard met die seremoniële onderdompeling in water.

Die meeste van die slagoffers is deur onstuimige watermassas, wat deur swaar reën- buie veroorsaak is, meegesleur.

Daar word nog na drie vermiste mense gesoek, berig *The New Indian Express*.

Kennis van Jaarlikse Algemene Vergadering (JAV)

Die Boston CID NPC (CID-akroniem) gaan 'n JAV hou. Alle belanghebbendes word uitgenooi na 'n hersiening van die afgelope boekjaar se aktiwiteite en om die verlenging van die CID-termyne goed te keur.

Datum: 24 Oktober 2024

Time: 18:30

Plek: SDA-kerk, Bostonstraat 54, Boston

Resolusies wat by die vergadering voorgestel word, kan slegs deur bona fide-lede van die Boston CID gestem word. Hierdie lidmaatskap is gratis beskikbaar vir alle eienaars van eiendom binne die Boston CID-voetspoor wat aanspreeklik is vir die bykomende tarief (bykomende belastingbetalers), maar hulle moet voor 15 Oktober 2024 geregistreer wees.

Enige bykomende belastingbetaler wat gekant is teen die aansoek om die CID-termyne te verleng, kan 'n geskrewe beswaar indien binne 30 dae na die afsluiting van die JAV, waarna die Raad die aansoek kan goedkeur indien skriftelike besware van minstens 40% van bykomende belastingbetalers nie ontvang is nie.

Lede van die plaaslike gemeenskap (insluitend eiendomseienaars, inwoners, huurders, regspersoonlikhede, burgerlike organisasies en nieregerings-, privaatsektor- of arbeidsorganisasies) kan binne 30 dae na die afsluiting van die JAV geskrewe kommentaar indien oor die nuwe vyfjaar-sakeplan.

Besoek www.bostoncid.co.za om as lid te registreer of toegang tot verdere inligting en dokumentasie te kry. Om 'n geskrewe beswaar of kommentaar in te dien, stuur 'n e-pos na secretary@bostoncid.co.za of skakel 0761976816

The local community (including property owners, residents, tenants, body corporates, civic organisations and non-governmental, private sector or labour organisations), stakeholders and interested parties are invited to attend, however, only property owners registered as members of the company may vote.

- Per Article 12.2.1 of the Memorandum of Incorporation (MOI), only property owners who are liable for paying the additional rate (additional rate payers) are entitled to Membership of the Company.
- Per article 15.11.5 of the MOI, any members who are in arrears with payment of the additional rate for more than 60 days, shall not be entitled to vote at a members' meeting or taken account of when determining whether a members' meeting is quorate, for so long as they are in arrears, unless they can prove that they have declared a formal dispute with the City or have entered into an appropriate payment arrangement with the City.
- Every member shall be entitled to one vote per R10,000,000.00 (ten million rand) (or portion thereof), of the municipal valuation of each of their rateable properties within the CID to a maximum of ten votes per property, provided that the total number of votes assigned to any single member, or to any number of members under common ownership or control shall not exceed thirty-three and one-third (33-1/3) percent of the total number of votes which may be cast.
- For members under common ownership or control:
 - o those properties with a valuation of R5,000,000 or more, one vote will be assigned per property; and
 - o those below R5,000,000 will get one vote per R10,000,000 of the combined municipal valuation of all such properties.
- Owners wishing to apply for membership should do so via the website or by email. New membership applications should be received by 15 October 2024 to be approved and accepted at a meeting of the Board of directors of the Boston CID NPC prior to the AGM.
- Any member may appoint a Proxy to attend the meeting on his/her behalf. Forms of Proxy may be downloaded from the website or requested by email. The proxy form must be delivered to the offices of the Company no less than 24 hours prior to the advertised time of the start of the meeting, failing which it shall not be deemed to be valid.
- Enquiries should be addressed as far in advance as possible, by email as above or by letter to the registered office of the company. The Annual Financial Statements can be downloaded from the website.
- Article 16.1.9 of the MOI states "As required by item 5(1)(b) of Schedule 1 to the Act, at least one third of the longest serving Directors shall retire from office at every AGM. Retiring Directors shall retain office until the close

or adjournment of the AGM. A retiring Director shall, however, be eligible for re-election.” Therefore, the following Directors: Attie Winter and Jeanette van Niekerk will resign. They have made themselves available for re-election as directors.

- Forms for nomination of directors may be downloaded from the website or be requested by email. These forms must be delivered to the offices of the Company no less than 7 days prior to the advertised time of the start of the meeting, failing which it shall not be deemed to be valid.
- Section 27(2)(b)(iii)(aa) of the CID By-law states ‘any additional rate payer (ARP) opposed to the application shall submit a written objection to the management body within 30 days of the conclusion of the AGM on a form accompanying the notice or otherwise made available by the management body’.
- Section 27(2)(b)(iii)(bb) of the CID By-law states ‘the Council may approve the application if written objections are not received from at least 40% of ARPs in a residential CID.’
- Section 27(2)(b)(iii)(cc) of the CID By-Law states ‘members of the local community shall submit any comments on the new 5-year business plan in writing within 30 days of the conclusion of the AGM’.
- Section 27(2)(c) of the CID By-Law states ‘In the event that the management body makes any material amendments to the business plan after the AGM, the management body must convene a further members’ meeting in accordance with the notice requirements in subsection (2)(b) for purposes of approving the amended business plan and soliciting written objections and comment as contemplated in subsection (2)(b)(iii) (with the changes required by the context’.

Updated membership list is available on the website.

5. **Quorum to constitute a meeting.**

658

The Chairperson confirmed that a quorum was present to proceed.

6. **Previous AGM Minutes**

No Objections received, approved by all present

Approval: Approved by all members present, no objections were received

Proposed by Bruce Dando and Seconded by Mr Johan Barkhuizen

7. **Chairman's Report**

Janeen van Heerden noted the following:

Boston Community Improvement District (Boston CID) has been actively working towards enhancing the quality of life in our community.

Urban Maintenance: Boston CID works closely with the City of Cape Town to ensure service delivery. Although the past year has been challenging for all when noting the amount of burst pipes we are faced with. The involvement of our Councilor to assist by escalating long overdue matters, does not go unnoticed and we thank him for it.

Beautification Efforts: Boston CID is continuously looking at areas to improve that can result in a more visually appealing neighborhood. The Frans Conradie project is mostly done, and I think we can all agree that has made the biggest difference in our area. Our partnership with MES has made a positive impact not only on our area, but also on the lives of those that are working to get off the streets.

Safety Initiatives: Collaborating with local law enforcement, SAPS, Boston Neighborhood Watch and the Security companies operating in the area had a positive impact on community safety. Although we are not crime free, there is a slowdown in incidents.

Community Engagement: We believe that our regular posts on Facebook and the Boston Neighborhood Watch Whatsapp groups makes us more visible and easier to reach. It is beautiful to see how residents refer others to the CID Control room for assistance. Our Control room has almost become the first point of call before SAPS or Law Enforcement.

Ongoing Projects

Green Spaces Enhancement: The CID is working on enhancing parks and green spaces within the community to provide residents with more recreational areas. This is not only done by cleaner spaces, but also constant monitoring to ensure that residents can safely use the park without fear of criminals.

Challenges and Future Plans

Our biggest challenge is the layout of our area which is still the main conduit for foot and road traffic to other areas from the CBD. We make use of fencing to encourage foot traffic to main roads to assist us with monitoring all comings and goings. Monitoring of the vast number of cameras are still one of our biggest focus areas.

We encourage everyone to visit our Control room to experience a day in the life of a Control Room operator. We are also thankful to those that constantly inform us of any suspicious behaviour.

We believe that we are more effective with the help of the community and assistance of the Neighbourhood watch that has opened their communication channels for us to use on top of our own.

Conclusion

Boston CID remains committed to enhancing the quality of life in our community through various initiatives, collaborations, and community engagement efforts. The progress made so far underscores the positive impact of collective action in making our community a better place for all residents. We look forward to continued support and collaboration from the community to achieve our shared goals of improvement and progress.

1. Background and CID Policy context to waste management

The City of Cape Town's (CoCT) CID Policy refers to the City's Integrated Waste Management Policy as it pertains to the planning of cleaning and maintenance services for a CID, including these CIDs, as follows.

The extract below is taken from the CoCT CID policy:

36 Cleansing and Maintenance Services

- 36.1 Before entering into any service provider agreements with third parties for the provision of cleansing and/or maintenance services on behalf of the CID, the NPC must liaise with the Director: Waste Services to plan and co-ordinate the provision of such services and avoid wasteful duplication of services rendered by the City.
- 36.2 Any cleansing and maintenance services by the NPC and its agents **must be performed in line with the City's Integrated Waste Management Policy of the Waste Services Department**, as may be in force at any relevant time.

Section 7 of the City's Integrated Waste Management (IWM) Policy (Policy Number 60829, October 2020) describes the roles and responsibilities of various stakeholders and roleplayers in Cape Town waste management. Section 7.3 c) describes the role of CIDs specifically, as per the extract from the IWM Policy below.

With respect to waste minimisation, it should be noted that recycling, as well as environmental and social responsibility (linked to waste minimisation) are included in the responsibilities of CIDs.

c) Waste management and minimisation in City Improvement Districts (CID's)

- (i) The City Improvement Districts are Non Profit Companies that are initiated, driven, managed and funded by the local community within a predetermined boundary and are approved by Council.
- (ii) CIDs provide only supplementary municipal services including 4 focus areas which are Public safety, Cleaning relating to refuse removal, illegal dumping, recycling as well as, Environmental and Social responsibility.
- (iii) All CIDs are subject to the City's IWM Policy as the Solid Waste Department has to review the component of the CIDs' Business Plan relating to the cleaning function as the City retains oversight and has to ensure that the cleaning functions performed by the CIDs are aligned with the City's IDP and Waste Management Policy and processes.

2. City's Integrated Waste Management Policy's focus on waste minimisation

The City's Integrated Waste Management Policy includes a strong focus on waste minimisation principles, and required waste minimisation activities, pertaining to all stakeholders in Cape Town, including CIDs.

The Integrated Waste Management Policy includes all relevant waste minimisation information and requirements in Section 8.1 of the policy, which it is recommended that the above CID business plans align with, in all aspects where it is relevant to the CID members, as waste generators.

The extract below is taken from the City's IWM Policy and highlights the importance of waste minimisation, and the principles which should be embedded in CIDs' waste management services:

8.1. Waste Minimisation

Waste minimisation forms the core of the National Environmental Management: Waste Act, 2008, (NEMWA) and the National Waste Management Strategy, 2012 (NWMS), which aim to ensure that the negative health and environmental impacts of waste can be minimised, landfill airspace can be optimized, and waste beneficiation can be realised. This requirement for waste minimisation is not a "business-as-usual" approach, as it requires responsible and proactive participation by all stakeholders.

The City of Cape Town (City) commits to pursue, establish, facilitate and communicate waste minimisation mechanisms, initiatives, and partnerships proactively, and to facilitate participation from the public, commerce and industry. Applied waste minimisation primarily promotes waste avoidance, and also encourages and implements strategies aimed at increasing the separation at source, re-use, recycling and recovery of waste materials which result in waste diversion from landfill sites.

Multi stakeholder participation and engagement, shared responsibility and partnerships, and a commitment to cleaner production and sustainable consumption, are key to the success of waste minimisation. This approach requires resources and infrastructure contributions from commerce, industry and the City, including changed production processes to reduce the amount of waste generated.

Changes are required in the production, marketing, packaging, selling and consumption stages of product or service lifecycles, requiring an intentional and comprehensive effort by all stakeholders to ensure that waste and its impacts can be reduced through waste minimisation.

The City's role in waste minimisation includes the facilitation or implementation of various waste minimisation programmes such as separation of recyclables at source, either door to door or via drop-off sites or Materials Recovery Facilities (MRFs), for onward processing by the recycling industry, crushing of clean builder's rubble and organic waste composting.

8.1.1. Waste minimisation and diversion principles

The following principles, as applied to waste minimisation and diversion, form the basis of the approach to waste minimisation in this policy, based on pragmatic and sustainable cost-benefit considerations, balanced by expenditure priorities, while striving to achieve National, Provincial and City waste diversion targets in accordance with spatial and development strategies:

- a) The "waste avoidance, or prevention before waste generation" principle promotes the avoidance of waste above other waste management options;

- b) The "cradle-to-cradle" principle is an approach to product and system design, that models human industry on nature's processes, viewing materials as nutrients for the same or new cycles;
- c) The "circular economy" approach is embraced, which can be achieved through long-lasting design of products, maintenance, repair, reuse, remanufacturing, refurbishing, and closed recycling loops;
- d) The principle of "separation at source, streaming and diversion" makes provision for waste streams to be separated where possible;
- e) The "producer responsibility" principle maintains that, because producers have the greatest control over product design and marketing, they therefore have the greatest ability and responsibility to reduce the toxicity and waste generated by their products;
- f) The 80/20 "Pareto Principle" acknowledges that not all waste can be avoided or diverted from landfill, resulting in a prioritisation of waste avoidance and diversion systems which optimise the return on effort and expenditure needed for minimisation initiatives.

3. CIDs' responsibilities in terms of waste minimisation and recycling

In summary, each CID is required to embed the above waste minimisation principles starting with mechanisms for waste avoidance (including cleaner production principles and/or industrial symbiosis where necessary) and minimisation (recycling, composting, circular economy thinking) before disposal or landfilling into their business plan.

This applies to waste cleaned up (litter picking and litter bins) or collected and transported waste from illegal dumping sites, as well as influencing, raising awareness or circulating waste minimisation/management information to its members to responsibly manage their own waste.

When litter is picked up or emptied from green litter or black wheelie bins, the CID, where practically possible, should ensure that recyclables, electronic and lighting waste are extracted for separate processing through well-established accredited recycling service providers, or for collection by an accredited service provider. To reduce operational expenses this activity should be coordinated with the applicable Producer Responsibility Organisations (PROs).

Since organic waste has been prioritized by the City's Waste Management officer due to the organic waste to landfill ban by 2027, instituted by the provincial Department of Environmental Affairs and Development Planning (DEA&DP), all CIDs must prioritise the above organic (garden greens and food) waste diversion programs, and ensures that its members are informed about the [ban](#) accordingly.

In some instances some CID Business Plans do speak about waste minimisation, but a more specific and measurable waste minimisation section to the business plan is required. The plan should indicate waste minimisation programmes to be implemented as per the above general guidelines and principles and in line with the specific requirements below. It should also include related timeframes, as well as a commitment to report waste diversion tonnages at least on an annual basis.

Specific requirements applicable to CIDs operating in residential areas **within** a Think Twice service area

In this respect, being in a residential area which is covered by the City's Think Twice recycling collection service, the CID should support the City and our contractor's marketing and awareness raising efforts to ensure that as many residents as possibly participate in the City's Think Twice recycling service. Further details of this service in your area can be found on the [Waste Recyclers Map](#), including contact details of the relevant contractor. Further, the CID should encourage residents to drop off their garden waste at their closest [waste drop-off site](#), and also compost at home. One way the latter can be done is by active participation in the City's [Home Composting Programme](#), where residents can obtain free home composting containers when the programme comes to your area.

Specific requirements applicable to CIDs operating in residential areas **outside** of a Think Twice service area

In this respect, being in a residential area which is not currently covered by the City's Think Twice recycling collection service, the CID should consider facilitating a joint recycling collection service for its members, using an accredited recycling collection service provider. Such services may require payments from residents, BUT if a bulk service is arranged, the cost per household would be lower. Prospective private recycling service providers can be found on the [Waste Recyclers Map](#) and should be requested to provide a valid Accreditation Letter, signed by the Director: Waste Services. Further, the CID should encourage residents to drop off their garden waste at their closest [waste drop-off site](#) and also compost at home. One way the latter can be done is by active participation in the City's [Home Composting Programme](#), where residents can obtain free home composting containers when the programme comes to your area.

In addition, the CID is encouraged to contact Producer Responsibility Organisations (PROs) as they may have the capacity to work with the CID, and/or alongside the above service provider, providing financial or logistical assistance to enable the separation of their products (packaging, e-waste and lighting) for sale to the recycling markets, thus reaching common waste minimisation goals. A list of currently active PROs is attached as Annexure A.

Specific requirements applicable to CIDs operating in commercial areas

In this respect, being in a commercial area of Cape Town, the CID should facilitate a joint recycling collection service, as well as a joint organic garden and/or food waste collection service for its members if the latter is appropriate to the waste produced, using one or more accredited recycling and organic waste collection service providers. Such services would likely require payment from participating members, BUT if a bulk/combined service is arranged, the cost per business would be lower. Prospective private recycling and organic waste service providers can be found on the [Waste Recyclers Map](#) and should be requested to provide a valid Accreditation Letter, signed by the Director: Waste Services.

In addition, the CID is encouraged to contact Producer Responsibility Organisations (PROs) for packaging, electronic or lighting waste, as they may have the capacity to work with the CID, and/or alongside the above recycling service provider, providing financial or logistical assistance to enable the separation of their products (packaging, e-waste and lighting) for sale to the recycling markets, thus reaching common waste minimisation goals. A list of currently active PROs is attached as Annexure A. Annexure A: A list of currently active Producer Responsibility Organisations (PROs). - END

Dear Colleagues

The Board of the Boston Community Improvement District (Boston CID) is in the process of extending the Boston CID term for the period 2025-2030.

They obtained overwhelming support from their members at the recent AGM and have now applied for Council to consider extending their term for a further five years. If approved the new five-year term will start on 1 July 2025 and terminate on 30 June 2030.

You are requested to review the attached business plan and provide the CID Branch with any comments that could influence the final business plan before it is submitted to Council for consideration.

Please familiarise yourself with the content of the attached Business Plan (Motivation report, Implementation Plan and Budget) and more specifically with the component that relates to your functional area for possible.

All comments on the Business Plan must be submitted to the CID Branch no later than **31 January 2025**. Kindly note that your input will be incorporated into the report presented to the Council when the application is considered.

DESTINATION FOR COMMENTS: Alma.Stoffels@capetown.gov.za
Nonhlanla.Ngubane@capetown.gov.za

PLEASE NOTE:

We kindly request that you share your comments with us no later than **Friday, 31 January 2025**. If you need additional time to respond, please let us know before this deadline. Should we not hear from you by the specified date, we will assume that you support the matter.

We try with utmost accuracy to ensure that this memo reaches the responsible person in the service department/directorate. However, if this no longer falls within your ambit of responsibility, please advise so that we can approach the correct official(s).

Yours faithfully
